 Technical Specification of Ambulance with AC

DEPARTMENTAL REQUIREMENT

S.N.	CRITERIA	DEPARTMENTAL REQUIREMENT
1	General	Ambulance Right hand Drive Model with two wheel drive, with comfort seating arrangement for patient. Vehicle Wheelbase should be 3200 mm & Gross vehicle weight of the vehicle not less than 2650 kgs.
2	Engine	Turbo Charged diesel Engine Min. 2100 CC to 2400 CC, developing rated Power output min 95 HP and Torque not more than 200 NM at rated RPM with an efficient fuel injection system having precisely control air fuel ratio for high efficiency in response to all loads and operating conditions. The engine shall be fully equipped with all necessary items/accessories and controlling devices for safe, smooth, efficient, economical operation and optimizing vehicle performance producing less amount of pollution.
3	Emission Standard	The Emission Standard of the offered vehicle must be compliance with or superior than the applicable standard as prescribed by Nepal Vehicle Mass Emission Standard which is to be certified by Department of Transport Management.
4	Gauges	Fitted with all the gauges, indicators, signals as necessary for efficient operation, functional monitoring, vehicle performance and maintenance that includes (but not Limited to) water temperature, fuel oil pressure, transmission gauge etc. with all standard items of offered model vehicle.
5	Transmission	Manual shift at least five forward and one reverse, floor mounted.
6	Ground clearance	Minimum 180 mm (High ground clearance preferred)
7	Suspension	Suitable for toughest terrain, smooth ride, stable handling and comfortable driving conditions. McPherson struts coil spring/leaf spring with hydraulic shock absorber.
8	Tyres	Standard Size
9	Steering	Power assisted / Power Steering
10	Brakes	Front-Disc type. Rear-Drum type
11	Turning Circle Radius	Turning Circle Radius should not be more than 6.5m
12	Cab	3 doors, 2 doors at front and one rear side all metallic cab with insulated roof, right hand drive (RHD), laminated glass wind screen, wipers, glass windows on doors, through ventilation, comfortable and adjustable seats for driver and passenger, floor mats, two sun visors and two side view mirror and rear view mirror. Rear body to be metallic, ambulance type.
13	Chassis and frame	Steel, Heavy duty high rigidity frame structure suitable for rough road conditions.
